## SUMMERTON NEWS

## TERSELY TOLD

We believe it is said that every printing shop has a Devil in it, and we are right much inclined to believe it from the way some of our letters appeared last week. For instance: we started off our letter by saying "that we had just made a whirlwind trip through several counties in the eastern part of the State." The type setter started off by saying: "the two young ladies of this community," but as yet we have not seen the two young ladies. Even if Mrs. Medlin and the children were away from home.

New real news this week seems to be real scarce, almost as scarce as money and rations on the Santee, and the good Lord knows if some of the readers of the Times could hear some of those old Santee dinkies tell how scarce these things are, we are almost tempted to believe the Banks would start to lending money, and the lien merchant would soon be writing up liens, and handing out the "butt out." Honest to goodness, some of these fellows are so much in need of something to fill them up, until they never look up at the sun, but have a way of going with their head hanging over with a downward look. And to play the game fair if lumber and a few other things don't soon take an upward move we will be traveling the same route. While as we have said before the darkest hour is just before day and we are expecting the alarm clock to go off most any minute now to let us know that it is just about day. And we are sure our people will welcome this day break; let it come through a Republican administration or any other source it will be as it was with the woman that was praying for a husband and the old owl said "who, who," and she said "anybody Lord." So it's with us now for another wave of prosperity. Anybody Lord, just let us prosper, we'll now sure enough let's "drap" off to sleep and wake up about this time next year and in spite of all that has been done and said we are going to find things so much better that we will almost appreciate what we are experiencing right now. Some times we are very much of the opinion that it is necessary to get in a little "hot water," so that we can appreciate a good cool stream when the thermometer runs up to about 100.

We were in error last week in reporting that some one had dynamited

Cutto Lake and killed all the fish. This terrific explosion turned out to be a meteor. While it seems to be very hard to locate just about the place the explosion took place, as we have asked quite a number of people about the place the explosion happened from here as far down as Pine Grove, and everybody so far we have asked about it says it "was just below my place," but it really appears now that the explosion must have been near the river in the neighborhood of Ferguson.

The base ball fever seems to be running right high now between our team and the Manning team, with things falling in our favor as usual when it comes to winning base ball games.

Prof. N. Gist Gee, left here last Wednesday for Carlisle, where he will spend sometime with his parents, after which he will go to Rock Hill where he will teach science in the summer school at Winthrop College. Prof. Gee made many warm friends during his stay of about one year here, who will always wish him well wherever he goes.

Mrs. W. G. Griste and children are visiting Mrs. Griste's mother, Mrs. J. H. Stackley, in Florence.

Mr. Harry A. Brown, better known as "Brownie," has accepted a position with Dr. Griste as "front man."

Dr. C. V. DuBose looks mighty natural behind the Rx counter at D. O.

## NOTICE

The undersigned, L. W. Carrigan, hereby announces that he has withdrawn from the partnership conducted under the name and style of "Cash Drug Store" at Summerton, County of Clarendon, South Carolina, and that he has sold his interest in said business to Mr. H. G. Walker.

L. W. Carrigan.

Miss Janie McCutchen of Bishopville who has been visiting Mrs. John M. Nelson, has returned home.

Quite a number of Summerton people motored to the Sand Hills Sunday afternoon on a visit to the Boy Scouts of Summerton who are in camp near the old Manning Mansion. It is always an interesting sight to visit this place.

"Nub" is suffering from a bad case of "fisherite's," having tried to consume three cats and two flats at one sitting.

It seemed that there are about a dozen cases of "Charlie horse" developed at the base ball game Monday afternoon.

Joe Joseph, who has been in Gastonia, N. C., for past thirty days, is back on the job. We think Joe has been drinking "Beer."

Mrs. Fladger, and Miss Rosalee Fladger of Spartanburg, are spending sometime with Mrs. A. E. Brock.

We are very glad to report that Mrs. W. E. Felder, who underwent an operation at a hospital in Sumter some ten days ago, has returned home, and is getting along fine.

Three children of Dr. Douglas Holliday, and two children of Mrs. Martha Holliday were bitten one day last week by a mad dog. All the children

are taking the hydrophobia treatment. Born to Mr. and Mrs. H. Gus Richbourg, a bouncing boy last Friday.

Miss Lillie Davis, of Timmonsville, is spending sometime with her brother, W. W. Davis. Mr. Davis is the clever and accommodating cashier of the Bank of Santee, and has held this position since the organization of this Bank and has made many friends.

Mr. and Mrs. Willie McKay of Rowland, N. C., are spending sometime with Mr. and Mrs. H. H. Windham.

Mr. and Mrs. Herbert Hatfield spent Sunday in Sumter with relatives and friends.

Mr. Wesley Dingle, of Hemmingway, spent the week-end with his parents, Mr. and Mrs. J. H. Dingle.

Miss Essie Powers of Hemmingway, was the attractive guest of Miss Annie Dingle Saturday and Sunday.

Messrs. Huron and Bismark Godwin went to Sumter Sunday afternoon to see some of the fair sex.

Mr. and Mrs. W. B. Davis spent last week with relatives and friends at McClellansville, returning home Saturday bringing with them as their guest, Miss Mary Dee.

Mr. C. L. Godwin is erecting a cozy cottage on East Main Street. "Lake" seems to be about the only man that we know of that can buy lots and build houses during these days of depression.

Mr. Joe Wiggins of Sumter, spent several days last week with Dr. A. F. Jacobus.

A Training Class for Sunday School workers is being conducted daily this week at the Baptist church by Rev. E. C. Kolb, of Sumter, formerly of Clarendon County. The attendance is exceptionally good. Mr. Kolb is proving himself to be a gifted teacher, capable of holding the attention of his hearers. His work will be quite helpful in improving the efficiency of the Sunday School. Rev. J. A. Ansley, the pastor of the Church, has expressed himself as being very much gratified at the splendid attendance, the quality of the work done, and the fine spirit that is manifested.

Mr. Kolb conducted a similar training class here last September, and the interest made on that occasion has been confirmed the deepened this time.

Mr. Kolb goes from Summerton to Calvary Baptist Church, near Pine-wood, to begin a similar training class at that place Thursday. We anticipate another very successful and beneficial occasion.

On last Sunday morning Mr. Kolb preached in the Baptist church here. His sermon was greatly enjoyed by the large congregation.

On Monday night there was a call meeting of the Julius A. Mood Post of the American Legion in the Masonic Hall at this place. The Post was reorganized, and officers were elected. Quite a number of ex-service men were present, seeming to be very enthusiastic about the reorganization of the local Post. The dues for 1921 were paid up, and the outlook is very good for a strong and active Post here. These are the officers elected: J. H. Scarborough, Commander; T. S. Rogan, Vice Command-

er; W. J. Wilkie, Adjutant; C. T. Walker, Treasurer; S. F. Martin, Historian.

Wiley G. Griste, present proprietor of Rhame Drug Store of Summerton, has been tried and proven to be a very conscientious man.

He is originally of Washington, N. C., but has lived in Florence, for nine years and in the Spring of 1920, scarcely one year ago, he moved to Summerton, and has since been associated with Rhame Drug Co.

He has a drug store worthy of honorable mention and once a customer of Dr. Griste means always a customer. In his drug store you can find almost anything you call for and has, in proportion, the same goods as the large drug stores of cities.

The young people of Summerton like to make Rhame's Drug Store their meeting places in the afternoon, for they know that they can go there, enjoy refreshments, hear music and stay as long as they want to and that Dr. Griste is glad to have them. Most everybody prefers his drug store because of the way they are treated while there and then they won't smother while there, for Dr. Griste manufactures his own electricity and consequently has his fans going all the time.

Dr. Griste has the confidence of the people that would take an ordinary man years and years to establish, for the simple reason that when he says anything is good the people all know that it must be good otherwise he wouldn't have said that it was.

It is said of him that he once let his books go by without putting revenue stamps on them and that when the revenue officer came round in that section of the country that a friend of

his told him he had better get busy or he might be fined. He went to work, slipped round to his back door, (he was next door when he was warned) and climbed over the fence tearing a great rent in his trousers leg and got in his office, fixed his books like they should be fixed and met the officer in the front of the store, invited him back to the office and showed him the books. The officer looked over them, found them o. k. and complimented Dr. Griste on his manner of "book-keeping." When he was thus complimented, his conscience began worrying him and before five minutes, he up and told the officer all about his "books" and showed him the rent (he hadn't had time to have the "tailor" mend it) in his trousers as proof of his story. Many is the man that would have thanked the officer for the compliment and let it go at that, but not so Doc.

Dr. Griste has manufactured a wonderful mixture called "Griste's Fly and Mosquito Exterminator." This mixture will kill any kind of bugs. It is sprayed on the inside of houses or buildings and will get rid of all bugs, flies and mosquitoes and if sprayed on the outside will kill and keep away all bugs, flies and mosquitoes. It sells for 50 cents a bottle, the bottle holding one pint. He is also a manufacturer of 47-11 Chill and Fever Tonic. This tonic not only breaks up the chills and fever but builds up the system so that it is able to throw off the next malaria germ. It would pay everybody in Clarendon County to get a bottle of his exterminator and also a bottle of his tonic. Everybody is invited to pay his store a visit when in Summerton and royal treatment is guaranteed.

## PARIS GREEN

Dickson Drug Store.

STOP THAT ITCH!  
Purify Your Blood

Eczema, tetter and many other skin troubles are due to disordered blood. If you are afflicted with skin trouble, don't suffer the maddening torture longer, but start right away to purify your blood with S. S. S.—the standard blood purifier for over 50 years.

For Special Booklet or for individual advice, without charge, write Chief Medical Advisor, S. S. S. Co., Dept. 436, Atlanta, Ga. Get S. S. S. at your druggist.

**S. S. S.**  
The Standard Blood Purifier

New York, June 6.—A woman known as "Clara" will be named by Mrs. Anne U. Stillman as an additional co-respondent in the divorce suit brought by her husband, James A. Stillman, millionaire banker, if she is permitted to amend her answer, John F. Brennan, her counsel, announced tonight. The woman's full name and address, he added, are not known at present. Mrs. Florence A. Leeds, a former Broadway chorus girl, was named in the original reply to Mr. Stillman's charges.

Earlier in the day he had obtained from Supreme Justice Keough at New Rochelle, an order requiring referee Daniel Glendon who has been taking testimony in the case to show cause Saturday why further hearings in the case should not be postponed.

GRISTE'S  
FLY AND MOSQUITO  
EXTERMINATOR

Meets every requirement where an insecticide is needed. Sprayed in an closed room it kills flies and mosquitoes, used on beds, in closets, around kitchen sinks and in cracks, it kills and drives away bed bugs, moths and cockroaches. Sprayed on your bed at night it will insure you a night of rest and peace from that greatest of all pests MR. MOSQUITO.

Fishermen will find it a blessing as it is harmless to the skin and can be rubbed on the hands and face.

Every bottle is guaranteed to give satisfaction or else your money will be cheerfully refunded.
